Sir,

With reference to your letter No. 659 Revenue 57-92 dated the 9th October 1902 calling for a report on the present situation of the affairs of the Sri Vya-
-saraya Swami Mutt at Sidlaghatta, I have the honor to forward herewith a memo submitted by Assistant Commissioner Mr. C.B. Seshagiri Rao, and to state that I fully endorse the recommendations made by him

I have the honor to be

Kolar District.

Memo

As directed by the Deputy Commissioner — in compliance wi the Dy Secretary's letter No 689 Mun 7 57.91, dated the 9th October 1902 — I proceeded to Sosale, and inspected the Sri Vyasaraya-Swami Mutt on the 6th and 7th instant, in reference to the present situation of the affairs of the Mutt.

Jewels Etc

The appended list, marked A, shows roughly the jewels and gold and silver articles now in possession of the Mutt. No inventory or books showing the jewels belonging to the Mutt are maintained and it is not possible, therefore, to say what jewels

Etc

the Mutt possessed when
the present Swami took
charge of it, and how
much of it has been since
lost. It is admitted, how-
-ever, that a gold cradle
with gold chains and one
or two other articles were
disposed of some time ago
for about Rs 25,000/- and
the amount paid to Hundi
Krishnamachar's son Ranga
Srinivasachar in part pay-
-ment of a debt of Rs 50,000/-
said to have been due to
him. I did not handle
the jewels shown by the
Swami, and count the
number of precious stones or
for that seemed irreverent
if not sacrilegious. Nor
did I attempt to value
them, firstly because I was
not required to do it, and

7868: Deputy Commissioner
Mysore District

and (secondly) because
I felt myself utterly in-
competent to value such
rare and splendid jewellery
the like of which I had not
seen in my lifetime.

The bulk of the most
valuable jewellery is to
be found in ordinary
leather boxes (ಪೆಟ್ಟಿಗೆಗಳಲ್ಲಿ)
which have no lock or key.
The Mutt has no treasure
room, nor is there an iron-
-safe. When questioned
as to how these were guard-
-ed (in addition of course
to the nominal guard or
Pahara) the Swami said
"ದೇವರೇ ರಕ್ಷಣೆ". In these
degenerate days, however,
when gangs of Kabuli
and other expert thieves
are hovering about, I
feel that the Mutt property

to succeed, and that the
Mutt 'Sahara' should be
strengthened by sending a
small number of armed
Reserve Policemen if not
regular Sepoys. An iron-
-safe might more easily
be procured, but that does
not answer the purpose,
because the jewellery is
required almost daily,
I am told, to decorate
the gods. In view to provide
immediately a more
efficient guard, I have asked
the Amildar to obtain the
Police Superintendent's per-
-mission to lend the ser-
-vices of at least 2 armed
Policemen for nightwatch.—

The statement marked B (appended) shows the landed property of the Mutt in the Mysore Province, and

Landed property in Mysore

Mysore 2601

and how it is managed.
Of these, the village of Dom-
-manakuppe in the Tumkur
Taluk - yielding a net annual
income of Rs 445/- and
the village of Yelavanka
in the Belur Taluk - yielding
a net annual income
of Rs 666/- are in possession
of Ranga Srinivasachar
on condition of his paying
himself the said income
in payment of interest and
part payment of principal
in respect of a debt of Rs 15,000.
The other properties are stated
to yield a net annual
income of Rs 5,929-4-0.
How far this is correct
I am unable to say, for
there are no accounts kept
in respect of the income
derived from these differe

estates I learn, however,
that some of the lessees of
these properties are somehow
related to the Swami, that
the rents fixed are exceedingly
low, and that they are
never regularly paid. I
tried to ascertain if the
Mutt had obtained duly
registered rental deeds
from the lessees, but learnt
that there were no such
deeds in respect of items
3, 6, 7, 9, 11, 14, 16 and 17,
and that in respect of the
others the Mutt had exe-
-cuted registered leases
without obtaining counter-
-parts -

In respect of these lands
the Swami is anxious to have
the Survey Settlement intro-
-duced, and I consider it
a most prudent measure

to adopt. I have accordingly suggested to the Swami that he may put in a written application in the matter.

Landed property in the Madras Presidency.

The list marked C (appended) shows the landed estate owned by the Mutt in His Majesty's Territories. The items 1 to 4 (inclusive) yielding a net annual income of Rs 4,350/- are said to be in the possession of the creditors named in the list, and the rest - yielding an income of Rs 57,50/- in possession of the lessees. No accounts are kept in respect of these lands either, and it is not possible therefore, to say how far the list is correct

Debts

The list marked D (appended) shows the debts said to be due by the Ruler. Items 1 to 4 refer to the loans obtained in His Majesty's Territories amounting to Rs 53,500/- and the creditors are said to be in possession and enjoyment of landed estates in lieu of interest except the 4th creditor Hundi Krishnamachari's 2nd son in whose case it is a usufructuary mortgage for a period of 18 years. The rest of the debts are loans obtained in Mysore, and they amount to Rs 38,800/- All these are unsecured debts except the last item of Rs 15,000/- due to Ranga Srinivasachar who is put in possession of the villages of Donima-nakuppe

and Yelavanka already referred to. It will thus be seen that the liabilities of the Mutt amount to Rs 92,300/-. Why and when these debts were contracted, it is not possible to say, because no accounts are kept; and neither the Swami nor any one connected with the Mutt is able to give any particulars, except that they were contracted either for the expenses of the Mutt during the Swami's long tour or for the purpose of paying off old debts.

The Swami told me rather confidentially that many of these debts had been contracted by his predecessor, but he pleaded his inability to say how much had

been contracted by himself. The scope of my enquiry being necessarily limited I am unable to express any opinion as regards the bonafides or otherwise of these debts.

The Kutt building at Sosale is badly in need of repairs. If permitted I would have an estimate prepared to put the building in order at a cost of about Rs 2,000/-

There are very pressing decreed debts to the extent of Rs 7,000/- and early arrangements have to be made to pay off these debts.

As I said before, the rents of the landed property are not being regularly paid, and

and consequently the Swamii is now obliged to borrow with very great difficulty to meet the daily pressing expenses of the Mutt. There is therefore a struggle for existence.

The present affairs of the Mutt become beyond all doubt the incapacity of the Swamii to manage the properties belonging to the Mutt. When asked as to who had been managing the affairs of the Mutt, the Swamii said that he had left the whole management to his sister's son Narasimhachar (since deceased), and that Narasimhachar had ruined the Mutt. and that since the death

of Varadachari has 5.
son Subbaramachar was
managing the affairs of
the Mutt and that he could
not think of any body
else whom he could trust.
From what I have learnt
of this Subbaramachar I
consider him less ca-
-pable than even his own
father I would therefore
take the liberty of suggesting
the loan to the Mutt of
the services of an efficient
Shekdar, if not a Tasildar
Sheristadar, to manage
the affairs of the Mutt,
Subject to the orders of
the Deputy Commissioner.

The heads of Mutts,
such as this, have prac-
-tically unlimited
powers of alienation or

or disposal of the property of the Mutt. In almost every case human nature asserts itself, and every effort is made to enrich the sons, sons-in-law and other relations, and the consequence is that every Mutt is growing poorer and poorer. While there is no objection to the heads of the Mutts spending every pie of the income I think there ought to be some legislative interference prohibiting the alienation or disposal of the property of the Mutt to the prejudice of the well-being of the institution.

In this particular case the Swami feels that he is involved to such an

except that there is no
alternative but to ask
the Government to assume
the management of the
affairs of the Mutt. I
would therefore recommend
(a) that the management
of the Mutt properly be
taken over by Government and
a manager be appointed,
i.e. by way of deputing a
fairly grade shekdar or
some other official not
below the rank of a Shekdar
to manage the affairs of
the Mutt, subject to the
orders of the Deputy Com-
-missioner in the Muzrai
Department
(b) that if the Government
be pleased to pay the
arrears of the Cash dam
allowance one-third of

of the allowance be made available to pay off pressing debts after the bona-fides of the transactions are established beyond all doubt; and that the remaining two-thirds be invested, as desired by the Swami, in price-land for the benefit of the Math. —

Should it be decided to assume the management of the property of the Math, and to restore the cash allowance now withheld, a detailed scheme will be drawn up providing also (1) for the current expenses of the Math and (2) for payment of debts. —
